

Louisville Commission
Spring 2022 Report to Presbytery

On September 5, 2021 the final evening worship service was held in Louisville for the foreseeable future. At the fall meeting of presbytery, we explained to you some additional items of concern that had come to light concerning Tre Cranford.

Since September, many of the remaining Louisville attendees have begun or continued worshipping regularly in Columbus. We have also worked with the Columbus session to send letters urging a few others from the Louisville group to unite with churches in the Louisville area.

The remaining motions:

- 1) The attached minutes of the Louisville Commission be spread on the minutes of presbytery.
- 2) The remaining funds of the Louisville work be given to the Columbus Reformed Presbyterian Church.

Rationale: The funds in the Louisville bank account have come almost entirely from a) seed money given by Columbus RPC and b) contributions given by members of Columbus RPC who were worshipping as part of the Louisville group. In addition, Columbus RPC has ongoing responsibility for some remaining mercy needs amongst the Louisville group.

- 3) The commission be dismissed.

In Christ, Jeff Platt, Philip McCollum, David Schisler, and David Hanson (moderator)
